## BEST PRACTICE 01

**Title of the Practice:** Mentorship Scheme

**Objectives of the Practice:**

1. To plan personal and career goals of students.
2. To improve presentation skills, written skills, and oral communication skills.
3. To enhance general aptitude test and technical quiz proficiency.
4. To develop leadership qualities.
5. To provide guidance on resume writing and preparations for mock interviews.
6. To establish a vibrant relationship between the faculties and the students that will ensure responsible behaviour and discipline

**The Context:**

The Mentorship Scheme was implemented in response to the need for holistic development of students in addition to their technical knowledge. The institute recognized the importance of personality development, communication skills, teamwork, leadership qualities, and resume writing for students to succeed in the industry.

**The Practice:**

Under the mentorship scheme, a teacher (mentor) is assigned a group of approximately twenty students (mentees), with around twenty students from each year. Mentor meetings are conducted once every alternate week, where various activities such as career goal setting, presentation skills development, communication skills improvement, resume writing, and aptitude test preparation are conducted. Mentors also maintain records of their mentees' academic performance, including attendance, results, and co-curricular participation, and communicate this information to the parents.

- Mentoring session is conducted twice in every 15 days
- The session is compulsory for every student to attend without fail. Mentors are assigned 15-20 students for the whole duration of a semester each i.e. six months.
- The mentoring parameters are based on four aspects i.e. academic, attendance, career and general.
- The mentors are provided with details of mentee's performances in terms of academic (weekly test, class test, and mid-term and end-semester exam) and attendance records.

- The mentor also keeps track of the mentee's personal development such as co-curricular activities, discipline and career related issues.
- The mode of communication between the mentor and mentee can be established through different mode(s) namely- In-person, Phone and E-mail.
- The grievances of the mentees are taken up by the mentor and if necessary it is forwarded to the Principal for necessary remedial actions.
- A separate Mentorship File is been maintained by every Mentor (Faculty) and it contains separate page for every mentee as to maintain its record.

#### Evidence of Success:

The success of the mentorship system is reflected in the overall personality development of the students.

- Improvement in mentees discipline, interaction and communication skills.
- Improvement in students' attendance.
- Establishment of a vibrant relationship between Faculties and students which has provided a congenial atmosphere in the class room as well as in the campus.

#### Problems Encountered and Resources Required:

One challenge faced by the institute was the students' limited exposure to current enhancements due to the rural location of the institute.

The diversity in students' background and upbringing i.e. lack in the art of effective articulation, introversion, indifferent attitude etc. Inadequacy in general guidance, career and professional related materials. This is due to the financial constraints faced by the management because the institution is dependent on grants.

## POLICY FOR MENTOR- MENTEE SCHEME

### • OBJECTIVE

Mentor-Mentee System of the institute has been implemented with an objective to bridge the gap between the faculty members and students and provide guidance on the academic and professional development matters.

### • GUIDELINES FOR IMPLEMENTATION OF MENTOR-MENTEE SCHEME

1. UG students/mentee will be assigned a faculty mentor.
2. There will be a group of 20 mentees under each faculty mentor whom they serve as mentors.
3. After the allotment of mentees, every faculty mentor will collect the information as per Mentor Handbook
4. Each faculty mentor will conduct meeting twice in a month to understand and counsel the mentees on the existing academic policies, extracurricular activities or personal matters.
5. The report of activity will be submitted by faculty mentor as per Mentor Handbook

### • ROLE OF A FACULTY MENTOR

1. To take the lead in supporting a mentee for his/her welfare through one-to-one relationship.
2. To build a relationship of trust by caring and planning.
3. To serve as a positive role model.
4. To motivate mentees for interdisciplinary research/innovation within a group.

### • DESIRABLE QUALITIES OF A MENTOR

1. Good listener
2. Encouraging and supportive
3. Patient and flexible

### • RESPONSIBILITIES OF A FACULTY MENTOR

1. Meet the mentee students twice in a month either online or offline.
2. Make the mentees aware of existing system of the institute related to academic, professional development and guide on personal matters as well.
3. Discover talents and interests of mentees and encourage them to exhibit them by participating in various activities.
4. Motivate the students to follow ethics, good practices and universal human values.
5. Guide mentees regarding the importance of training programs, internships, industry visits, students' committees at the institute, club activities, seminar, workshops, conferences, examination norms, general structure of the scheme, MOOC courses etc.
6. Keep the record of academic and other professional activities of mentees.
7. Assess the performance of Student Mentors on the basis of their sincerity and contribution in activities assigned to them.
8. Contact parents/guardians if situation demands e.g. irregularities, negative behavioral changes and interpersonal relations, detrimental activities etc.

### BEST PRACTICE 02

**Title of the Practice:** Financial Assistance Schemes for Students

**Objective of the Practice:**

The objective of this practice is to provide financial support to meritorious and economically weaker students, enabling them to continue their education.

**The Context:**

In many cases, students from economically weaker backgrounds struggle to pay for their education-related costs. This practice recognizes the importance of education and aims to bridge the financial gap for deserving students.

**The Practice:**

1. The students who fulfil the following criteria may apply for the financial assistance under this Scheme
2. Undergraduate and Postgraduate students of the regular programme of SCOE
3. For the continuation of financial assistance to the students in 2nd, 3rd and 4th year of undergraduate level and 2nd year of postgraduate level.
4. The students will be required to submit their application for continuation of financial assistance in the next year.
5. Grant of assistance will be decided by the scrutiny committee.
6. The student should not have failed in any semester in the previous years of study in SCOE

• Process of Application -

1 The students are required to apply for financial assistance under the scheme in a prescribed format.

• Mandatory Document-

One passport size photograph

1. Income declaration-affidavit by each parent.
2. Proof of permanent residence.
3. Photocopies of Passport, Aadhar and PAN card of parents / guardian and applicant.
4. Bank statements for the last 12 months for all the accounts mentioned

2 The forms complete in all respect with supporting documents should be submitted by the student to the Principal

• Process of scrutiny and approval-

There will be two levels of scrutiny for the applications:

1. The first level committee will be a Scrutiny Committee of three members and will be constituted by the Principal.
2. Second Level will include interaction of the student

Recommendations of the Scrutiny Committee shall be put up to the Principal for necessary approval and disbursal.

**Evidence of Success:**

The success of this practice can be demonstrated through tangible outcomes. In the financial year 2017-18, a total of 69 students benefited from the financial assistance of 1642714 lakh provided by SCOE. . In the financial year 2018-19, a total of 163 students benefited from the financial assistance of 2512859 lakh provided by SCOE.. In the financial year 2020-21, a total of 196 students benefited from the financial assistance of 1619314lakh provided by SCOE.. In the financial year 2021-22, a total of 100 students benefited from the financial assistance of 508072 lakh provided by SCOE.This evidence highlights the impact of the practice in supporting students and enabling them to continue their education despite their financial limitations.

**Problems Encountered and Resources Required:**

During the implementation of this practice, some challenges may arise, such as the availability of sufficient financial resources to support a larger number of students The expenditure on account of disbursement of financial assistance under this scheme will be met by the respective college from its own funds for which necessary budget provision may be earmarked.

## POLICY FOR FINANCIAL ASSISTANCE

- Under this practice, students in need of financial assistance are required to submit their academic progress report
- Proof of family income.
- These documents are used to assess their eligibility for financial support.
- Based on the criteria set by the institution or organization offering the assistance, a shortlisting process is carried out to identify the students who will benefit from the financial assistance schemes.
- The selected students are then provided with the necessary funds to cover their educational expenses, including tuition fees, books, and other related costs.
