In today's globalized era, development of appropriate and effective Skill sets is the basic necessity for sound employment and can even lead to entrepreneurship. Indeed, it is the need of the hour for the economic development of 21st Century India and Industry 4.0. Today, everyone must be imparted vocational education as a part of the curriculum. Education is the proper tool through which skill development is possible. It can make the all-round development of the individual. Vocational classes should be imparted as a part of the curriculum. By doing so, the cost of skill development can be reduced.

Mechanical Engineering Department has always been at front to propagate the skill set and to run and implement appropriate training sessions for its students, teaching and non-teaching staff.

With this demanding need of hour and accomplishing motive, the Mechanical Engineering Department of Siddhant College of Engineering has formed the 'कौशल्य विकास सेल' [Skill Development Unit].

Objectives of Skill Development Unit.

1. To provide the effective platform to inculcate and sharpen their engineering software and /or real time skills.
2. To comprehend the notion of developing and modifying an engineering product design & development.
3. To provide an opportunity to learn various aspects of entrepreneurship through real life exposure.

The directive and monitoring council has been formed for this unit. The roles & responsibilities have also been defined.

Sr. No.	Name of Person and designation.	Roles / Responsibilities.
01.	Dr. R. A. Khandagale. <i>Principal SCOE.</i>	Chief Director.

Subject: Starting a batch for CAE Course at Mechanical Engineering Department.

Respected sir,

As mentioned in above cited subject, CAE along with CAD has become an important skillset in demand for the mechanical engineer and thus I am willing to start a CAE course batch for our students at CAD lab of the Mechanical Engineering Department. The students of T E Mechanical and Third year Diploma will be the participant for this course and being pilot project we will limit the entries to the count of 10.

This course will have 36 hours duration and CAD & CAE aspects will be covered with real-time hands-on practical sessions for the students. I have attached the entire break up of this content.

The *Ansys Student version* is the software which will be utilized for the course and practical projects will be analyzed by the participants. A certificate of completion will also be issued to the students.

I am very much sure that this course will prove beneficial to the students as they will be more competent and skill acquired engineer to suit for the industrial career, thus I am requesting you kindly give your nod to this endeavor.

Thanking you.

Sincerely,

Mr. Sagar Upendra Deshpande.
