## FIRST YEAR ENGINEERING DEPARTMENT

**Guest Lecture Topic:** "Future Opportunities in Field Of Signature Analysis."

**Guest Lecture Venue:** MBA Auditorium Hall,

Siddhant Group Of Institutions, Sudumbare, Maval, Pune.

**Guest Lecturer:** Mr. Shrikant Paranjape (Senior Mentor Handwriting University, LOS)

**Guest Lecture Organizer:** First Year Engineering Department.

**Objective:** To help out students and make them aware of new possibilities available in the field of Signature Analysis.

**Guest Lecture Description:**

**"True Life is Lived When Tiny Changes Occur."**

In order to be adaptive during these trying times, the Department of First year Engineering Siddhant College of engineering, Sudumbare, Pune organized a guest lecture on the topic, "Future Opportunities in Field Of Signature Analysis" for all the students of first year engineering. The lecturer was Mr. Shrikant Paranjape, senior mentor of handwriting university LOS.

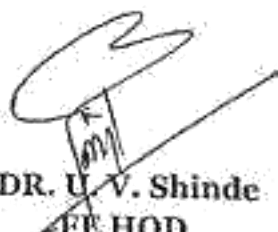

So rightly said, the power of change can not be underestimated....

May it be tiny but they do make a difference, thus helping the students understand the importance of these changes in their career choice. It was a very informative lecture.

The objective of the lecture is to help the students and make them aware of signature analysis which comes under the study of GRAPHOLOGY. Having knowledge of Graphology helps to determine someone's personality traits. It helps an individual to know their strengths, weaknesses, innermost fears and your defense mechanism, and see himself in a new light.

After delivering lectures she encourages students to clear their doubts and clarify. It was also a great initiative taken by the first year engineering for conducting this wonderful session of knowledge sharing and gaining on Graphology.
